

Driving Directions

From the M42 North and South

Hams Hall Calibration Lab is located close to Junction 9 M42. From the motorway exit roundabout follow the signs towards Coleshill A446. At the first roundabout turn left signposted Hams Hall. Follow the dual carriageway to the first roundabout. Go straight across at this roundabout passing the Calibration Lab on the right hand side. Continue along the dual carriageway to next roundabout, taking the fourth exit which brings you back along the dual carriageway in the opposite direction. Turn left into the Calibration Lab. Follow the direction arrows to the visitors car park and report to reception.
